Dear Sir / Madam:

Welcome to the Freeman Pain Institute.

At the Freeman Pain Institute, we offer the most advanced, minimally-invasive procedures used to treat and manage both acute and chronic pain conditions. Using the latest medical technologies, we provide our patients with the best opportunity to maintain a healthy lifestyle...Pain Free.

In order for us to provide you with the most comprehensive care possible, it is essential that we learn all we can about you and your current pain condition. The information that you provide will be carefully assessed and incorporated as part of your treatment plan.

All of these documents request a great deal of information. Please read them carefully and answer to the best of your ability. If you require assistance or have any questions, we are here to help you and will discuss any issues at the time of your appointment.

Please bring all documents and any MRI, CAT scan, EMG, films and reports pertaining to your pain condition with you at the time of your appointment.

Thank you in advance for your cooperation and we look forward to providing you with the comprehensive, state-of-the-art care you deserve.

Sincerely,

Dr. Eric D. Freeman
Medical Director, Freeman Pain Institute
